

# accounting for farmers

Farm accounting is a specialist area, requiring an understanding of your financial and taxation issues. We are experienced in all aspects of farm accounting/management.

Along with assisting our clients with their taxation and bookkeeping work, we also provide services to help grow your farming enterprise.

**We want to engage with you on a regular basis, not just once a year.**

Modern technology allows us to look after farming businesses in any location. We currently have clients in areas such as Tenterfield, Binda, Tarcutta, Holbrook and Camden.

## Farmer Compliance Package
